

Get Connected with Windows Devices

Connecting to Hanover's wireless networks on Windows devices is extremely easy. Follow these steps to get connected.

1. Locate the Eduroam network and click it to begin connecting.
2. You will use your full Hanover email address and password to connect.

3. Next you will need to hit the “Connect” button.

If you have any issues, please reach out to the IT Helpdesk by phone (812)866-6899 or by email help@hanover.edu
