

A Quick Guide to Remote Research from the Duggan Library

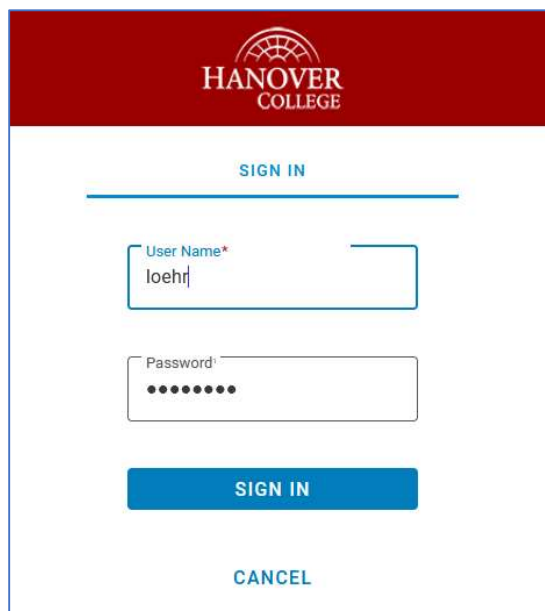

The majority of our electronic resources are available off-campus. Only SciFinder Scholar (Chemical Abstracts) is restricted to on-campus use only; if you need assistance with this, please contact a librarian.

1. Use access links provided on Duggan Library A-Z Databases page: <https://libguides.hanover.edu/az.php>

The screenshot shows the Duggan Library website. At the top, there is a navigation bar with links for HOME, RESEARCH, LIBRARY SERVICES, ABOUT THE LIBRARY, and ASK A LIBRARIAN. Below this is a welcome message and a search bar. Three circular images are displayed: a librarian assisting a student, a student at a computer workstation, and the exterior of the library building. Below each image is a button: 'Databases A-Z' (circled in red), 'Subject & Class Guides', and 'Journals A-Z'.

2. Use your Hanover email username and password to log in:

The screenshot shows the Hanover College library login page. It features the Hanover College logo at the top. Below the logo is a 'SIGN IN' heading. There are two input fields: 'User Name*' with the text 'loehr' and 'Password' with masked characters. A blue 'SIGN IN' button is positioned below the fields, and a 'CANCEL' link is at the bottom.

Reference chat and contact information for the librarians is available at: <https://library.hanover.edu/help/>
