

Connect Your LinkedIn Profile to LinkedIn Learning

If you chose not to connect your LinkedIn social profile to your LinkedIn Learning license, you can always do so later. To do this, follow these steps:

1. Click the “Me” menu dropdown on the homepage and select “Settings”.

2. When the settings page launches, scroll to the bottom of the page and select “Connect my account”. You should then be prompted to sign in with your LinkedIn credentials and successfully link your account.

When you connect your accounts, you can ask and answer questions, join groups of other learners, see what your connections are learning, and more.
