

Disconnect Your LinkedIn Profile from LinkedIn Learning

If you connected your LinkedIn social profile to your LinkedIn Learning license and decide you would like to disconnect your personal account from your license, you can do so by following these steps:

1. Click the “Me” menu dropdown on the homepage and select “Settings”.

2. When the settings page launches, scroll to the bottom of the page and select “Disconnect my account”.

Disconnect your LinkedIn account from your LinkedIn Learning account provided by your organization

When you disconnect your LinkedIn account, you will no longer be able to ask and answer questions, join groups of other learners, see what your connections are learning, and more.
