5. Click the Continue to LockDown Browser button on the screen that pops up.

6. Find the Quiz you want the LockDownBrowser to appear on. Click the down arrow icon. It turns green. On the menu that appears, click settings.

		About LockDown Browse
Quitzes +	CockDawn Brawser	<b>Q</b> Respondus Monitor
Sonus Exem 1 Lock Down Browser- Requires Respondus LockDown Browser	Regulized	Not Required
✓ Exem 2 fail 2019	Not Required	Not Required
Exem 3	Not Required	Not Required
Raylaw Early Exits resondus LockDown Browser	Required	Not Required

7. Click on the radio button to Require Lockdown Browser and then click Save and Close.

The Respondus monitor is a different product aimed at online classes that will use the student's webcam to monitor for any potential cheating. You should not require this for your in-class exam.
